MEDICAL ALERTS

Dear Parents,

If your child suffers a medical condition we ask that you complete the attached alert. These alerts give staff the ability to act quickly in a medical emergency. If your child suffers from Asthma, Anaphylaxis, Allergies, Heart Conditions, Diabetes etc. it is very important to complete an action plan.

If you consider your child's condition to be mild and do not wish to provide an action plan, please return the slip below.

Regards,

Necta Gianakis
Director

We do not wish to provide a Medical Action Plan.

Child's Name: _____ Class: _____

Parent's Name: _____ Signature: _____
