

St Anthony's Parent Network 2016
Request for nominations for Class Representatives

A Parent Network is essentially about building community with our school. Parents are an essential ingredient in helping to support the parents of your child's class and helping them to feel that they are a special part of our school community.

The Network is also being created to ensure that all new families to our school community feel welcome. The Network also assists with support needed in the school, for example, help in classrooms, coordinating teacher birthday class parties, assisting with social events, distribution of contact list/s, charity fundraising, preparation and management of care meals, assisting with school open days.

Being a class representative is not an onerous job. There are no meetings to attend, nor is there a big workload. What we are looking for are interested parents and carers who are willing to be a contact for each class group.

The frequency of events will be at your discretion. No doubt there may be other parents in your class group that you can engage to assist you in such a task. There is no pressure, no requirement, just ideas.

If you would like to be involved, we would love to have you on board. Please email your details (including your child's name and class) to rouba.eladhmi@gmail.com

Thanking you,

Rouba El-Adhami
