YOU’RE INVITED TO OUR

PROTECTIVE BEHAVIOURS INFORMATION NIGHT

MONDAY 21ST MARCH 2016 7PM

A MEETING FOR PARENTS & CARERS

About 7:00pm Monday 21/3/16, St Anthony’s School in conjunction with our Parents and Friends Committee are hosting an annual get together, particularly for Kindy parents and newcomers to our school community. Teaching staff (Kindy - Jo Barling and Yr 5 - Nicole Ptycia) and some members of our P&F get together each year to review and discuss the Protective Behaviours Program taught at St Anthony’s.

Teaching staff will touch on how the program is taught in the classroom and school grounds, while parents have an opportunity to discuss how easy this program is to reinforce at home, in the car and elsewhere.

Protective Behaviours is a personal safety program, it is a compulsory topic which falls into the National Schools Framework. It is a program that is beneficial for all children and adults of any age. Theme One of the program emphasises “the right to feel safe all of the time”, while Theme Two teaches participants that “Nothing is so awful that we cannot talk about it with someone”.

If you are a new parent/family to St Anthony’s School, we hope you are settling into the 2016 school year and have adjusted to your new life. We also hope your child has settled into Kindergarten and other classes too. You are very welcome to attend, please feel free to bring along a friend or family member. It is an informal get together providing you with an opportunity to learn about this topic, met some other parents and enjoy a cuppa. The presentation and information is designed for adults only.

Where? School library
When? Monday 21st March 2016 at 7pm
Cost? Just 90 minutes of your time

Please consider coming along to learn and share. If you require any further information phone Libby on 0427 242 167. We hope to see you soon.
